1. Executive Summary - Leo MD 306 Sri Lanka & Maldives

Leo Clubs serve as the dynamic youth extension of Lions Clubs International, nurturing young individuals into compassionate leaders of tomorrow. Since its inception in 1957, the Leo Club Program has grown into one of the world's largest youth service movements, with over 7,200 clubs operating in more than 150 countries. The core philosophy of the movement is encapsulated in the Leo theme: Leadership, Experience, Opportunity. These three pillars guide Leos in cultivating leadership skills, gaining real-world experience, and embracing opportunities to serve their communities while building meaningful global connections.

As an integral component of Lions Clubs International (LCI), the Leo Movement shares a close synergy with its parent body. LCI is the world's largest service organization, uniting 1.4 million members across 46,000 clubs in over 200 countries and geographic areas. Established in 1917, LCI operates under the theme We Serve, channelling its resources and human capital toward humanitarian aid, disaster relief, sight programs, childhood cancer support, hunger relief, and environmental sustainability. Lions have long recognized that youth empowerment is essential to building resilient communities, and the Leo Program is the embodiment of that vision.

In Sri Lanka, Leoism has flourished under a structured and collaborative framework, driven by the guidance and support of Lions. The structure of Leoism in this region is distinctly organized into six districts, corresponding to the geographical divisions of the country: Leo Districts 306 A1, 306 A2, 306 B1, 306 B2, 306 C1, and 306 C2. These six districts operate under the collective oversight of the Leo Multiple District 306, governed by the Multiple District Council and led by the Multiple District President, ensuring alignment with the broader vision of Lions Clubs International while promoting leadership and community engagement.

For the Leoistic year 2024-2025, Leo Navod Kiriwaththuduwa MAF has served as the Multiple District President of Leo Multiple District 306 Sri Lanka & Maldives. Under his leadership, the year's initiatives have been driven by a comprehensive and impactful framework known as the 5 Points Program. This strategic plan was developed to uphold strong administrative standards, foster unity among districts, build leadership potential, and promote long-term sustainability of the Leo movement across the island.

The overarching theme for the year, "Embrace Yourself", has resonated deeply with the Leo community. This theme encourages self-acceptance, diversity, authenticity, and individual

growth, while simultaneously reinforcing the importance of solidarity and collective strength. It underscores the message that leadership begins from within and flourishes through collaboration and shared purpose. Through this theme, the movement has redefined its identity and created a space where each Leo feels empowered to serve with confidence and compassion.

The 5 Points Program laid the foundation for the year's activities and is the structure upon which this Annual Report is based. The strategic pillars of the program are:

1. Administration and Basics
2. Togetherness as One Leo Family
3. Membership Development & Empowerment
4. Movement in Focus
5. Sustainable Movement

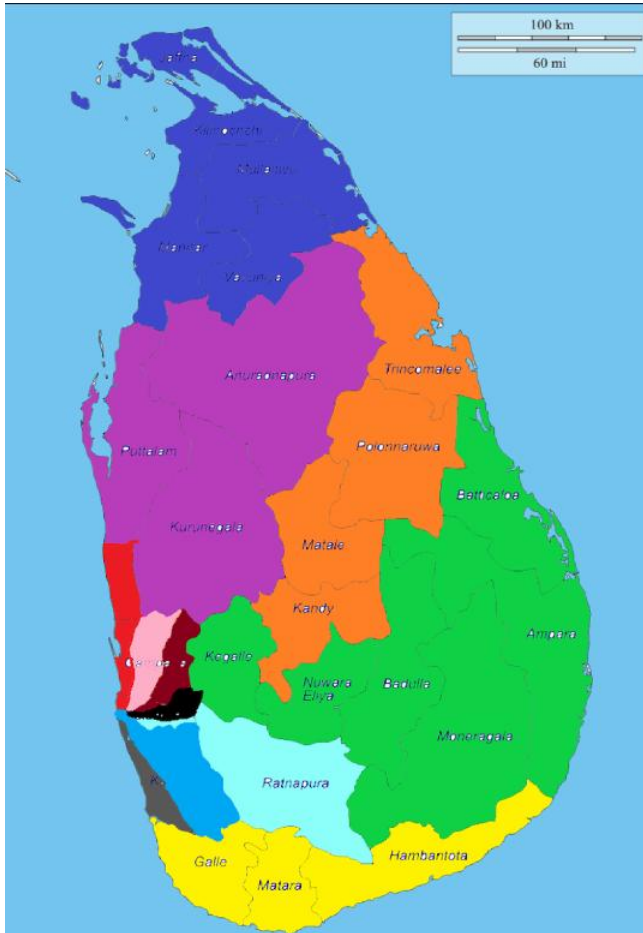

At the Lions Clubs International (LCI) Board Meeting held from October 12 to 16, 2024, the International Board of Directors approved the official bifurcation of the existing Lions Districts 306-A1, A2, B1, B2, C1, and C2. As a result of this, these six districts will be reorganized into twelve new districts, designated as Districts 306-D1 through 306-D12 from Lionistic Year 2025-2026.

This historic decision reflects LCI's ongoing commitment to improving governance, enhancing regional representation, and enabling more localized leadership and service. The restructuring is designed to promote more effective administration, strengthen grassroots engagement, and ensure that the evolving needs of clubs and communities are met with greater responsiveness and efficiency.

In alignment with the structural changes approved by Lions Clubs International, the Leo Multiple District 306 Sri Lanka & Maldives will transition from its current six-district structure to a twelve-district model as District 306 D1 – D12 effective at the close of the 2025 International Convention. This strategic realignment marks a significant milestone in the evolution of the Leo Movement in the Sri Lanka, aiming to enhance inclusivity, provide more personalized support, and create new leadership opportunities for Leos. With smaller, more manageable districts, leaders will be better equipped to engage members, implement focused initiatives, and strengthen community impact. The Leo Multiple District Council, with guidance

from Lions leadership, is committed to a smooth transition through the introduction of operational guidelines, training, and orientation programs ushering in a new era of growth and effectiveness for Leoism in Sri Lanka.

The accomplishments outlined in this report reflect the collective efforts, passion, and perseverance of thousands of Leos and Lions who have come together under a shared mission of service and leadership. Guided by the values of Lions Clubs International and propelled by youthful energy and innovation, Leo Multiple District 306 Sri Lanka & Maldives continues to grow as a beacon of hope, unity, and transformation.

This Annual Report is a testament to what youth can achieve when empowered and supported. With every project, campaign, and leadership journey undertaken during the Leoistic year 2024–2025, the Leos of this Multiple District have truly embodied the spirit of “Embrace Yourself,” serving as catalysts for positive change in their communities and beyond.

3. Multiple District Events

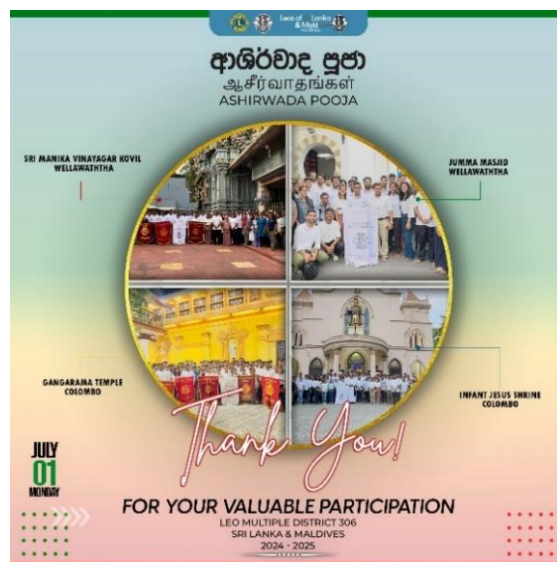

3.1 Multi Religious Ceremony - Ashirwada Pooja 2024

The Ashirwada Pooja 2024, the multi-religious ceremony, was held on 1st July 2024 with the objective of invoking blessings for a successful and harmonious beginning to the Leoistic Year 2024-2025. The event was organized under the leadership of Multiple District Vice President (Elect) Leo Lion Akila Gunarathne and witnessed the participation of over 200 Leos from across the Multiple District 306.

Demonstrating the true spirit of unity in diversity, the ceremony was conducted with equal representation from all major religions in Sri Lanka - Buddhism, Hinduism, Islam, and Christianity, symbolizing peace, inclusivity, and mutual respect that are core to the Leo movement. Ceremonial observances were held at the following venues:

- Sri Manika Vinayagar Kovil, Wellawatte
- Gangarama Temple, Colombo
- Jumma Masjid, Wellawatte
- Infant Jesus Shrine, Colombo

This spiritually enriching initiative served as a meaningful start to the new Leoistic year, to serve humanity with compassion and integrity, guided by the blessings of all faiths.

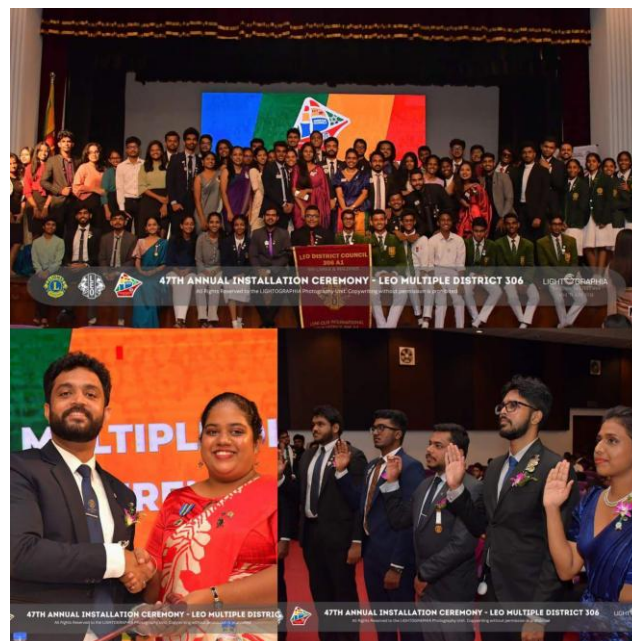

3.2 47th Annual Leo Multiple District Installation Ceremony

The 47th Annual Installation Ceremony of Leo Multiple District 306 Sri Lanka & Maldives was successfully held on the 28th of July 2024 at the New Arts Theatre, University of Colombo. This landmark occasion marked the official commencement of the Leoistic Year 2024-2025, bringing together Leos, Lions, and dignitaries from across the island to celebrate a new chapter of leadership. The event was organized under the leadership of Multiple District Secretary Leo Suwan Gomez.

Held under the theme “Embracing New Leadership,” the event served as a symbolic and heartfelt transition of responsibilities, as the outgoing Multiple District leadership team ceremonially handed over duties to their successors. The ceremony paid tribute to the exceptional dedication, perseverance, and service of the outgoing officers, while warmly welcoming the incoming team with hope and encouragement for the journey ahead.

The Installation Ceremony highlighted the strength of the Leo Movement’s leadership framework and the continuity of its core values. It was a meaningful moment of reflection, celebration, and renewed commitment, emphasizing the vital role young leaders play in shaping resilient and compassionate communities.

The presence of over 400 participants, including past leaders, partner organizations, and invited guests, made the ceremony a memorable and dignified occasion. Through meticulously planned proceedings and thoughtful tributes, the event underscored the importance of leadership succession and unity within Leoism.

3.3 District Presidents' Forum

The District Presidents' Forum of Leo Multiple District 306 Sri Lanka & Maldives was held over two insightful and energizing days on the 20th and 21st of July 2024 at The Lovely Villa, Negombo. This exclusive residential gathering brought together all District Presidents along with key officers of the Multiple District Council for a dynamic and meaningful start to the Leoistic Year 2024-2025.

The event was organized under the leadership of Chief Council Coordinator for Administration Leo Lion Shehani Silva MAF. Designed with the purpose of fostering strong relationships, enhancing collaboration, and strengthening communication among the district leadership, the forum served as a vital platform for open dialogue, strategic alignment, and team building. With around 20 representatives in attendance, the forum set a strong foundation for unity, a shared vision, and cross-district cooperation.

A key highlight of the forum was the involvement of esteemed Leo and Lion resource persons who led engaging and thought-provoking sessions throughout the program. These sessions covered a range of leadership and administrative topics essential to the successful execution of responsibilities during the year. The resource persons shared their expertise, experience, and passion for youth development, conducted each session with remarkable insight and interactive methods, leaving a lasting impression on the participants.

3.4 Elevate Leoism 2024

The "Elevate Leoism" Leadership Symposium, held on the 11th of August 2024 at Carey College, Colombo, was a landmark event dedicated to enhancing leadership skills and building a stronger sense of unity among Leo leaders across the island.

With over 500 passionate participants in attendance, the symposium offered a dynamic platform for Leos to gain valuable insights, practical tools, and inspirational guidance to excel in their roles as leaders within the Leo movement. The event was organized under the leadership of Multiple District Assistant Secretary Leo Kumuthu Parames PFLM and the event featured impactful sessions that focused on developing leadership potential, encouraging innovation, and fostering a spirit of collective growth.

Under the banner of "Elevate Leoism," the symposium emphasized the importance of self-awareness, collaboration, and purpose-driven service. It also served as an inspiring reminder of the powerful impact young leaders can make when they are empowered and connected.

This memorable gathering not only strengthened individual leadership capabilities but also laid the groundwork for a more united and forward-thinking Leo community committed to driving positive change throughout the Leoistic year.

3.5 Multiple District Council Outing

The Multiple District Council Outing, held on the 28th of September 2024 at The Winsgreat, Polgasowita, was a vibrant and refreshing day dedicated to strengthening the bonds among the officers of Leo Multiple District 306 Sri Lanka & Maldives. The event was organized under the leadership of Chief Council Coordinator of Service & Events Committee Leo Bimsara Dimal.

This informal gathering created a relaxed and joyful environment where Council Officers could step away from their usual responsibilities and engage in meaningful conversations, team activities, and shared laughter. The day featured a variety of fun-filled moments including group games, swimming sessions, and interactive bonding exercises all aimed at enhancing camaraderie and collaboration.

Beyond recreation, the outing served as a valuable opportunity for officers to build trust, understand one another better, and align as a cohesive leadership team for the Leoistic year ahead. This memorable event not only rejuvenated spirits but also reinforced the unity and collective strength that drives the Leo movement forward.

MD COUNCIL OUTING 2024

SEPTEMBER 28TH

THE WINGREAT, POLGASOWITA

17.00 - 18.00	Evening Tea and Snack

3.6 Leo Mass Orientation 2024 - Leo MD 306

The Leo Mass Orientation sessions organized by Leo Multiple District 306 Sri Lanka & Maldives were held successfully on the 12th of October in Matara and the 13th of October in Colombo. These two sessions marked a significant milestone in the Leoistic Year 2024–2025, providing a comprehensive and inspiring welcome to the newest members of the Leo family. The event was organized under the collective leadership of Six District Vice Presidents along with the Multiple District Vice President Leo Akila Gunaratna.

The orientation program was specially designed to introduce newly joined Leos to the core values, structure, and identity of Leoism. It served as a foundational experience, ensuring that every participant gained a clear understanding of what it means to be a Leo both in spirit and in action. Key topics included the organizational framework of the Leo movement, the significance of the Leo insignia, roles and responsibilities of members, and the importance of leadership, service, and fellowship.

What made these sessions even more impactful was the presence of experienced Lions, senior Leos, and Multiple District Council officers, who served as resource persons throughout the events. Their insights, personal stories, and professional guidance enriched the experience for the new Leos, fostering a strong sense of belonging and motivation from the very beginning.

The energy and engagement in both locations reflected the eagerness of the next generation of Leo leaders to learn, grow, and contribute meaningfully to their communities. Overall, the Mass Orientation was more than just an informative session. It was an inspiring launchpad for the newest Leos, laying the foundation for a journey of leadership, service, and lasting impact.

3.7 Leo Mass Induction Ceremony 2024

As part of the Membership growth month celebrations, Leo Multiple District 306 Sri Lanka & Maldives successfully hosted one of the most significant highlights of the Leoistic calendar the Leo Mass Induction Ceremony 2024. This landmark event was held on 19th of October 2024 at the University of Kelaniya under the leadership of District Vice President of Leo District 306 B2, Leo Nimasha Jayakody FLM, and brought together aspiring young leaders from across the island.

The ceremony served as the official welcome to a new cohort of members joining the Leo movement, signifying their commitment to service, leadership, and personal development. With a growing number of youth stepping forward to serve their communities, the induction marked a critical step in strengthening the foundation of Leoism in Sri Lanka.

The event was not merely ceremonial it was a celebration of ambition and potential, fostering a collective spirit of unity among Leo clubs. It also symbolized the beginning of a transformative journey for the inductees, who are now poised to embody the core Leo values of Leadership, Experience, and Opportunity.

Adding to the prestige of the occasion, Past International Director Lion Mahesh Pasqual PMJF PMAF graced the ceremony as the Chief Guest. His distinguished presence and inspiring message reinforced the importance of youth leadership and reaffirmed the movement's alignment with the broader mission of Lions Clubs International.

The 2024 Mass Induction Ceremony stood as a testament to the enduring spirit of Leoism and its growing influence across the region. It was a proud moment of expansion, engagement, and empowerment, setting a strong tone for the year ahead.

3.8 Leo Service Week & Leo Day Celebration 2024

The Leo Multiple Service Week of Leoistic Year 2024–2025 was a remarkable initiative led by District Vice President Leo Anushka Liyanage of Leo District 306 A2 and District Vice President Leo Hansathi Imethma FLM of Leo District 306 C2. The campaign was conducted in alignment with the Lions Clubs International’s Global Causes, showcasing the dedication of Leos across Sri Lanka and the Maldives to creating measurable community impact.

With the theme serving with “Serve with Pride”, this island wide initiative mobilized Leo clubs to address critical areas of need, amplifying the visibility and effectiveness of youth-led service.

Based on the final progress update:

Lions Global Cause	Number of Projects	Number of Beneficiaries	Project Value (Rs.)
Childhood Cancer	5	2,589	760,400.00
Diabetes	6	132,403	63,202.00
Disaster Relief	4	2,272	408,450.00
Environment	11	154,327	236,863.00
Humanitarian	11	10,376	697,402.00
Hunger	18	4,045	245,946.00
Vision	6	5,007	509,000.00
Youth	7	2,338	277,611.00
Total	68	313,357	3,198,874.00

In total, 68 projects were conducted across the eight Lions Global Cause categories, directly benefiting over 313,000 individuals and collectively amounting to a project value exceeding Rs. 3.10 million.

This initiative not only reflected the strategic alignment of the Leo Movement with the global priorities of Lions Clubs International but also emphasized the passion and capability of Leos to deliver high-impact service in diverse areas such as health, environment, humanitarian aid, and youth empowerment.

The Leo Multiple Service Week stands as a testament to the unwavering commitment of young leaders who serve selflessly, demonstrating that impactful change begins with purpose-driven action as a cornerstone of the Leo spirit.

Leo Multiple District 306 Sri Lanka & Maldives proudly celebrated Leo Day 2024, marking the 67th Anniversary of the global Leo Movement. The event, held on the 7th of December 2024 at the Leo Youth Centre, brought together the Multiple District President, key Council Officers, and dedicated Leos for a memorable and meaningful celebration.

The event was organized under the collective leadership of District Vice President of Leo District 306 A2 Leo Anushka Liyanage and District Vice President of Leo District 306 C2 Leo Lion Hansathi Imethma FLM.

Leo Day is recognized worldwide as the "birthday" of the Leo Movement a day to reflect on its legacy, honor its journey, and reignite the spirit of service, leadership, and fellowship that defines every Leo. This year's celebration served as a powerful reminder of the impact generations of young leaders have made through their commitment to community and personal growth.

The event featured moments of reflection, appreciation, and unity, where the spirit of Leoism was deeply felt. With the participation of past and present leaders, it was not only a celebration of history but also a tribute to the future, a future led by passionate, purposeful Leos ready to continue the legacy.

3.9 Leo Stride 2024

One of the most anticipated highlights of the Leoistic year, Leo Stride 2024 was successfully held on 15th December 2024, drawing over 3,000 Leos from across the country. Organized under the inspiring theme “Stride to Embrace – Together We Stride, Together We Rise,” the event exemplified the Leo spirit of unity, well-being, and youth empowerment.

This flagship initiative of Leo Multiple District 306 Sri Lanka & Maldives was conducted under the dedicated leadership of Leo Rachika Sovis, Past District President of Leo District 306 B1, and Leo Naveen Dharmasiri, Multiple District Assistant Secretary. Their tireless efforts and visionary direction ensured the seamless execution of the event, reaffirming Leo Stride's status as a landmark occasion in the Leo calendar.

Held in the heart of Colombo, the event commenced at Green Path, near the Sri Lanka Tennis Association, and concluded at the Viharamahadevi Open-Air Theatre with a vibrant musical celebration. The 2024 edition created an inclusive platform for Leos to reconnect, reflect on their achievements, and recommit to their service journey.

Leo Stride 2024 served not only as a celebration of Leoism but also as a testament to the strength that emerges when young leaders stride forward together with shared purpose and unwavering passion.

3.10 7th Leo ISAME Forum 2025

The ISAME Forum 2025, a prestigious annual gathering of Lions and Leos from across India, South Asia, and Middle East (ISAME) constitutional area, was successfully held from the 16th to the 19th of December 2025 in Ahmedabad, India. This dynamic forum served as a powerful platform for leadership development, service promotion, and cross-border fellowship, uniting participants under the shared values of Lions Clubs International. The Program was coordinated by the Multiple District Secretary Leo Suwan Gomez along with two co-coordinators Leo Vihidu Nenuka & Leo Lion Rageesh Yogeswaran MJF, PMAF, PFLM, RLLI.

Representing Sri Lanka with pride and distinction, Multiple District President Leo Navod Kiriwaththuduwa MAF, along with a delegation of 30 Leos, actively participated in the forum. Their presence opened avenues for meaningful dialogue, collaboration, and learning with emerging leaders from across the region.

Notably, this was the highest participation count from a Multiple District to the forum, underscoring the enthusiasm, preparedness, and unity of the Leo Movement in Sri Lanka. The delegation's impactful presence elevated the visibility of Sri Lankan Leos and reaffirmed their position as a leading force within the global Leo community.

The forum featured a wide range of impactful events, including leadership seminars, networking sessions, service initiatives, and cultural showcases. The presence of our Sri Lankan Leos at ISAME 2025 reaffirmed their ongoing commitment to growth, service, and international fellowship.

3.11 Leo Olympics 2025: A Celebration of Unity, Sportsmanship, and Leadership

The Leo Olympics 2025 marked a vibrant highlight in the Leoistic calendar, bringing together the spirit, talent, and teamwork of Leos from across the island. Held on Sunday, 30th March 2025, at Prince of Wales College, Moratuwa, the event united hundreds of young leaders under the shared values of collaboration, perseverance, and healthy competition.

This year's edition of the Leo Olympics was organized under the leadership of Leo Anjana Udesh FLM, District Vice President of Leo District 306 C1.

The event featured a wide array of athletic competitions and team activities designed not only to promote physical fitness but also to strengthen bonds between Leo clubs and foster cross-district collaboration. The electrifying atmosphere of the day reflected the true essence of Leoism leadership through action, unity through service, and growth through experience.

Distinguished leaders of Leo Multiple District 306 graced the event with their presence, lending both encouragement and prestige to the occasion. Their participation served as a beacon of inspiration, reinforcing the values of excellence and integrity that Leos strived to uphold. Leo Olympics 2025 was more than just a sporting event; it was a celebration of youth empowerment, community engagement, and the unyielding Leo spirit. It reaffirmed the Movement's commitment to nurturing well-rounded young leaders capable of making meaningful contributions both within and beyond the Leo platform.

3.12 Future Leaders Forum 2025

The Future Leaders Forum 2025, held on the 10th and 11th of May at the Leo Activity Center and Lions Activity Center in Colombo, marked a significant milestone in the leadership development initiatives of Leo Multiple District 306 – Sri Lanka & Maldives. Designed to equip the next generation of Leo leaders with the knowledge, skills, and strategic insight required for effective district governance, the two-day forum brought together District Presidents, District Vice Presidents, Secretaries, Treasurers, and Leo Club Chairpersons from across the Multiple District.

Under the astute leadership of Event Chairperson, Multiple District Vice President Leo Akila Gunarathna, the forum featured a comprehensive agenda focused on strengthening the foundational and strategic capabilities of Leo leadership.

Key sessions included:

- **Leo History and Redistricting** – An exploration of the Leo movement's journey, including the upcoming district realignment, delivered by MDP Leo Navod Kiriwaththuduwa.
- **Leadership Training & Conflict Resolution** – Led by PMDP Shehan Kumar, focusing on core competencies and responsibilities of DPs and DVPs.
- **Strategic Planning & Execution** – PMDP Leo Lion Pramod Wimalatunga MAF guided participants through effective planning, delegation, and year management.
- **Membership Growth & Retention** – Addressed by PMDP Lion Tuan Roshan Latiff, with emphasis on orientation, extensions, and club reactivation.
- **Lions Global Perspective & Mission 1.5** – PCC Lion Chamidu Abeywickrama highlighted the international vision of Lions Clubs International and future funding opportunities.
- **Effective Communication & Personal Branding** – A powerful session conducted by PCC Lion Lasantha Perera.
- **Leo Constitution & Bylaws - Governance & Legal Frameworks** – PMDP Mr. Dhanushka Ramanayake provided an in-depth training on the Leo Constitution, bylaws, and parliamentary procedures.
- **District Administration & Finance** – Delivered through focused DS and DT sessions by PDP Leo Lion Pasindu Bhanuka Premarathne and Leo Lion Sahan Peiris respectively.

- **Public Relations and Asset Management** – PMDP Leo Lion Dilshan Peiris elaborated on tools for efficient district operations.
- **Strengthening Leo-Lion Relations** – A concluding session by PDG Lion Shyana Jayalath on integrating district Leo operations within the broader Lions district structure.

The forum was further enriched by open discussions and interactive team-building activities, fostering peer learning and network strengthening.

The Future Leaders Forum 2025 successfully fulfilled its purpose of cultivating well-prepared, knowledgeable, and collaborative Leo leaders ready to drive impactful service. The efforts of Chairperson Leo Akila Gunarathna and the organizing team were widely appreciated, making the event a hallmark initiative in shaping the leadership landscape of Leo Multiple District 306.

3.13 International President Meets Leos of Leo Multiple District 306

On the 27th of May 2025, the Leo Movement in Sri Lanka witnessed a landmark occasion with the visit of Lions Clubs International President, Lion Fabrício Oliveira, and his life partner Lion Amariles Martins MJF. The Leo Meet, held at the Shangri-La Hotel, Colombo, brought together the leadership of the Sri Lankan Leo community for a high-level engagement with the global head of Lions Clubs International.

The session marked a significant milestone in strengthening the bond between Leos and the broader Lions movement. The event gathered 40 distinguished Leo leaders, including the Multiple District President, Leo District Presidents, Multiple Council Officers, and District Council Officers, representing the six Leo Districts of Sri Lanka.

This exclusive gathering provided an invaluable platform for Leo leaders to present the wide-ranging impact of their service initiatives across the country. The agenda included interactive discussions, project showcases, and meaningful exchanges on youth leadership, sustainable development, and future directions for the Leo program in alignment with global Lions goals.

President Lion Fabrício Oliveira, renowned for his dynamic leadership and global vision, expressed his admiration for the passion, innovation, and resilience demonstrated by Sri Lankan Leos. He was particularly impressed with the legacy-building initiatives, youth-centered projects, and the unwavering commitment of Leo leaders to addressing grassroots community needs. In his address, he emphasized the importance of empowering young leaders through continuous mentorship and collaboration, recognizing the Leo Movement as a vital pillar of Lions Clubs International's future.

The event also offered Leo leaders the rare opportunity to engage directly with the International President on shared values of service, leadership, and inclusive growth. The dialogue underscored the synergy between the Leos and Lions in Sri Lanka and reinforced the significance of cultivating future-ready leaders capable of driving transformative community change.

The Leo Meet concluded on a high note with a group photograph, commemorating this historic occasion and reinforcing the sense of unity, pride, and mutual respect between Lions and Leos. The session left a lasting impact on all participants and further energized the Leo leadership to carry forward their journey of service with renewed purpose.

Leo Multiple District 306 Sri Lanka & Maldives Leoistic Year 2024-2025

This event stands as a powerful reminder of the global recognition Sri Lankan Leos continue to receive and highlights their growing influence in shaping the future of Lions Clubs International. It also reflects the commitment of Lions leadership in fostering meaningful intergenerational partnerships that nurture, guide, and uplift the next generation of servant leaders.

4. Legacy/Landmark Projects – Leo MD 306

Introduction

The Legacy/Landmark Project Awards have been initiated to commemorate the 20 years of excellence and contribution of the six Leo Districts under Leo Multiple District 306 – Sri Lanka & Maldives. This special awards initiative was launched prior to the transition of existing 6 Leo Districts into a 12-district structure in the upcoming year.

The objective of this award category was to identify and recognize projects that leave a lasting impact, elevate the public visibility of the Leo and Lions movements, and embody the spirit of sustainability, innovation, and legacy. Each project was expected not only to serve immediate community needs but to create a meaningful footprint for future generations to look back on with pride.

Throughout the year, a total of 23 impactful projects were successfully implemented across all six districts, each contributing initiatives that demonstrated creativity, relevance, and the potential for long-term value. These projects collectively served as a reflection of what the Leo movement has achieved over two decades, and what it aspires to carry forward into its future under the new structural framework.

The initiative was guided by a dedicated committee whose leadership and strategic oversight ensured its successful rollout and evaluation:

- Leo Lohan Devasurendra FLM – Chief Coordinator, Legacy/Landmark Project
- PDP Leo Lion Rageesh Yogeswaran MJF PMAF PFLM RLLI – Advisor
- Leo Melissa Handapangoda – Director, Legacy/Landmark Project
- Leo Lion Dimithri Ranawake MAF PFLM – Director, Legacy/Landmark Project

Their efforts inspired Leo clubs across the island to go beyond traditional service models, challenging them to build initiatives that are not only memorable but also measurable in their long-term value and relevance to community development.

The Legacy/Landmark Project Awards stand as a fitting tribute to the rich heritage of Leoism in Sri Lanka and the Maldives—a moment to honor the past, celebrate the present, and lay the foundation for a future shaped by vision, commitment, and meaningful impact.

4.1 Eco Flow - Phase 02 - Leo Club of Mount Lavinia Orient Centennial

The Eco Flow project aimed to improve waste management at Kelaniya Temple, one of Sri Lanka's most sacred Buddhist sites, which sees thousands of daily pilgrims and over 3,500 Sunday school students. Due to the large volume of plastic and polythene waste generated, the initiative was carried out in two phases to promote responsible consumption and environmental sustainability. Phase One focused on raising awareness through a clean-up and educational program conducted with the Zero Plastic Movement of CINEC Campus, engaging over 1,000 students in learning about proper waste disposal and reducing single-use plastics. In Phase Two, the Leo Club of Mount Lavinia Orient Centennial donated and installed a dedicated dustbin to facilitate proper waste collection. This combined effort led to a cleaner and more peaceful temple environment, supporting both religious activities and education in a more respectful setting.

4.2 Station to Station - Leo Club of University of Colombo Faculty of Arts

To mark 20 years of service by Leo Multiple District 306 – Sri Lanka & Maldives, the Leo Club of the University of Colombo – Faculty of Arts launched the “Station to Station” project under the Legacy Project Award category. This initiative aimed to create a lasting community impact by revitalizing three major railway stations—Panadura, Bambalapitiya, and Dematagoda—used daily by thousands of commuters. Prompted by public concerns shared on social media about poor station conditions, the project focused on restoring cleanliness, upgrading infrastructure,

and fostering public pride. Through sustainable, research-driven interventions and the installation of permanent name boards and plaques, the project not only improved the commuter experience but also enhanced the visibility of the Leo movement, leaving behind a meaningful and enduring legacy of youth-led transformation.

4.3 Sea Spark 2024 - Leo Club of Southern Metro

The Leo Club of Southern Metro launched “Sea Spark,” an impactful environmental initiative led by Leos Inuka Pathirana and Dhanushi Dewmindy, aimed at cleaning and protecting the beaches and marine ecosystems around Unawatuna. The project went beyond traditional cleanups by focusing on long-term environmental awareness, installing informative boards with powerful messages, and discouraging harmful practices such as littering, unauthorized construction, and vehicle access on the beach. Despite challenges like limited funding and the inability to conduct a full underwater cleanup, the team secured key partnerships including Uber and the Coast Conservation Department executed a successful beach and sea cleanup, and launched a strong social media campaign.

The event also marked the club’s fourth anniversary and concluded with a closing ceremony at Hotel Tartaruga, symbolizing unity, resilience, and a deep commitment to preserving Sri Lanka’s coastal beauty for future generations.

4.4 Read to Lead - Leo Club of Gampaha Wickramarachchi University of Indigenous Medicine – FISSMS

The Read to Lead project is a literacy-focused initiative designed to empower students at WP/MT/Pannila Primary School by establishing a mini-library equipped with relevant books and learning materials through donations and club funding. The project aims to improve access to educational resources, promote regular reading habits through programs and book clubs, and create a well-organized, engaging library space. It also supports teachers by providing professional development tools and educational materials, while fostering community involvement by encouraging parents and local residents to participate in library activities. Additional efforts such as wall painting, furniture setup, and interactive reading sessions help cultivate a love for learning beyond the classroom.

Read to Lead
Library Enhancement Project
Organized by: Leo Club of Gampaha Wickramarachchi University of Indigenous Medicine - FISSMS & Kuruwa Youth Club

Read to Lead
Library Enhancement Project
Organized by: Leo Club of Gampaha Wickramarachchi University of Indigenous Medicine - FISSMS & Kuruwa Youth Club

4.5 The Guardian Mirrors - Leo Club of Kalubowila

The Guardian Mirrors was a landmark road safety project initiated by the Leo Club of Kalubowila on March 28-29, 2024, to address accident risks at two blind bends on Subasadhaka Mawatha, Arawwala, Pannipitiya, by installing convex traffic mirrors. Aiming to eliminate blind spots and enhance visibility for motorists and pedestrians, the project followed a structured process including site inspections, budgeting, securing government approvals, fundraising, and awareness campaigns. Built using durable, weather-resistant materials, the mirrors were strategically installed with community involvement and technical support, ensuring long-term sustainability. The project also featured the creation of a commemorative plaque and a formal opening ceremony with District Contest Director Leo

Lohan Devasurendra as the chief guest. Contributing to SDGs such as good health, sustainable infrastructure, and community engagement, the initiative not only improved local road safety but also served as a legacy and leadership experience for the participating Leos.

4.6 TerraForma - Leo Club of University of Moratuwa

The TerraForma project by the Leo Club of the University of Moratuwa was a landmark sustainability initiative carried out under the Multiple District's Landmark Legacy program. It aimed to raise awareness about plastic pollution by constructing a statue entirely from discarded plastic bottles, symbolizing creative reuse.

Inspired by the plastic bottle collection cage at the Katubedda Walkway, the statue was planned and executed through a structured process involving role allocation, concept development, design sketches by undergraduates, strategic meetings, and proposal drafting. Members engaged in fundraising via sticker sales and public donations, secured sponsorship from Plastic Cycle (John Keells Group), and obtained necessary approvals from the Moratuwa Municipal Council. Each Leo contributed uniquely—from leadership, design, and logistics to material collection, PR, and hands-on construction. The statue was fabricated from metal and covered with cleaned plastic bottles, then unveiled during a formal ceremony attended by local dignitaries and supporters. Despite challenges in fundraising, leadership selection, and permission acquisition, the team overcame obstacles through teamwork and determination.

The project received widespread appreciation for its environmental message, with the public and municipal council commending its impact. Long-term maintenance of the statue,

including periodic repairs and decoration, was agreed upon in the MoU with Plasticcycle, ensuring TerraForma remains a vibrant symbol of sustainability in Katubedda

4.7 Hydra Pure - Leo Club of Sri Lanka Technology Campus

“HydraPure” was the SLTC Leo Club's inaugural project for the 2024/2025 Leoistic year, centered on restoring the Nalagana Ella waterfall in Bulathkohupitiya, Kegalla. Held on [insert date], the initiative aimed to reduce pollution, enhance water quality, and promote sustainable tourism under the tagline "Ultimate Refreshment." Club members, local authorities, families, and maintenance personnel joined forces to clean the waterfall's surroundings, install a new informational signboard on native fish species, and restore existing signboards to boost environmental awareness.

Beyond its ecological impact, the project served as an educational platform, raising public consciousness about the need to preserve natural ecosystems.

4.8 Heenawalata Panak - Leo Club of Panadura Alubomulla

Following the success of the 2022 renovation project at Athale Maha Vidyalaya, the Leo Club of Panadura Alubomulla proudly continues its flagship community initiative, “භිතවලට පණක්,” for the 2024/2025 Leoistic year. In line with the theme “Change Empowered Through Leadership & Service,” this year’s project focuses on revitalizing the Mathematics Room at Kalutara Gamagoda Vidyalaya through repainting mathematical diagrams, refurbishing furniture, and installing fans to create a vibrant, functional, and inspiring learning environment. The initiative aims to address the pressing need to transform under-resourced educational spaces that hinder student engagement and academic performance. By uplifting the classroom environment, the project benefits senior-grade students by fostering better focus, enthusiasm, and learning outcomes, while also equipping teachers with a more structured and motivational space to deliver lessons.

4.9 DreamShelf - Leo Club of Colombo Monarch, Leo Club of Raththanapitiya, Leo Club of Piliyandala, Leo Club of Deniyaya

DreamShelf was a collaborative initiative by the Leo Club of Colombo Monarch, Leo Club of Raththanapitiya, Leo Club of Piliyandala, and Leo Club of Deniyaya, aiming to uplift the lives of children undergoing long-term treatment at Ward No. 7 of Colombo East Base Hospital, Mulleriyawa. During routine visits, the clubs identified a pressing need: the lack of educational and recreational resources negatively impacted on the emotional well-being and learning of these young patients. In response, the DreamShelf project was born—a mini-library within the ward stocked with donated children’s books, art supplies, and educational materials. The

project leveraged strong community engagement, volunteer support from Leo members, and collaboration with hospital staff, who allocated space and encouraged staff involvement. The mini library was carefully curated and designed not only to encourage learning and creativity but also to restore a sense of normalcy and joy in the lives of these children. The initiative was chosen for its immediate, meaningful impact and aligned with the core Leo values of compassionate service, youth empowerment, and community betterment.

4.10 Shelterance - Leo Club of Colombo Waters Meet

Shelterance was an infrastructure-driven community service project dedicated to improving facilities at Sri Siddhartha Vidyalaya, Wattala, a school that serves underprivileged students from Grades 1 to 11. The initiative focused on constructing a protective rooftop in front of the school's ICT room, an area prone to water leakage during rainy days, which caused disruptions such as water entering classrooms and made it difficult for students to leave their shoes outside. Additionally, the space served as a venue for school assemblies during wet weather, emphasizing the necessity of a sheltered area. Following a needs assessment on April 28, 2025, construction commenced and was successfully completed by May 2, 2025. As part of the project, a 4x3 ft notice board was also donated to enhance communication within the school, and two potted plants were placed at the entrance of the ICT room to add a welcoming, green touch. The project was warmly welcomed by the school community, with the principal and students expressing deep gratitude, marking Shelterance as a meaningful contribution toward creating a safer, more conducive learning environment.

4.11 Purity for Learning - Leo Club of Negombo Catamaran

The Leo Club of Negombo Catamaran launched a clean water project at Katunayake Maha Vidyalaya with the core aim of addressing the school's critical lack of access to safe and sufficient drinking water—a major concern for its large population of economically underprivileged students. Prompted by a formal request from the school principal and following a comprehensive needs assessment, the club discovered severe infrastructural deficiencies, including the absence of proper water storage and purification facilities. In response, the project involved installing two high-capacity water tanks and a water filtration system to ensure a consistent and safe supply of drinking water.

This sustainable solution not only improved daily hygiene and reduced health-related absenteeism among over 400 students and staff, but also fostered a healthier and more dignified learning environment. Beyond physical infrastructure, the initiative also aimed to raise awareness on water conservation and sanitation while offering Leo members a valuable opportunity to build leadership, problem-solving, and community service skills. Ultimately, the project stood as a powerful demonstration of youth-led impact, delivering both immediate relief and long-term benefits through empathy-driven, reflective action.

4.12 Pothaka Mahima - Leo Club of Biyagama North

The Pothaka Mahima Project, spearheaded by the Leo Club of Biyagama North, was a transformative initiative aimed at renovating and revitalizing the e-library of Sebastian Catholic School, Katuneriya. With a vision to inspire a love for reading, enhance educational opportunities, and promote digital literacy, the project addressed the school's lack of access to quality learning materials and a conducive reading environment. Executed in three impactful phases—awareness creation, book collection, and infrastructure development—the initiative engaged the community through educational sessions with renowned authors, collected over 4,500 books, and physically transformed the library space with painting, furniture, and improved ventilation. Beyond the tangible outcomes, Pothaka Mahima also laid the groundwork for sustainability. Plans were set in motion to donate smart boards and desktops, launch basic computing classes, and establish a library club to maintain and evolve the space. Despite logistical, financial, and scheduling challenges, the project emerged as a resounding success, demonstrating how youth-driven service initiatives can bring lasting, meaningful change. By blending traditional reading culture with future-oriented digital literacy, the project stands as a beacon of educational empowerment and community-driven transformation.

4.13 Revitalizing Our Learning Space - Leo Club of Colombo Capital City

The “Revitalizing Our Learning Space” project, organized by the Leo Club of Colombo Capital City, was a weekend initiative focused on improving the educational environment of a remote rural school in Bohawanthalawa, Sri Lanka. A team of ten dedicated Leos traveled overnight from Colombo, undertook a challenging mountain trek, and were warmly welcomed by the school community, which deeply values education despite limited resources. A recognition board was also placed in the school office to commemorate the club’s contribution. The initiative not only enhanced the physical infrastructure of the school but also fostered a strong bond between the Leos and the local community, celebrating the shared commitment to educational upliftment and making a lasting impact in a truly deserving setting.

4.14 Anduren Eliyata - Leo Club of University of Kelaniya

The “Anduren Eliyata” project was executed in two impactful phases, each targeting critical educational and infrastructural needs in underserved Sri Lankan communities. In Phase 01,

efforts were concentrated at Meegalawa Girathalana Vidyalaya in the Kurunegala district, aiming to bridge educational disparities by establishing a well-equipped library to foster a reading culture and independent learning, alongside conducting intensive English language seminars for G.C.E. O/L students to enhance their proficiency and prospects. Additionally, measures were taken to improve student safety by mitigating monkey intrusions, and essential school supplies such as stationery, uniforms, and hygiene kits were distributed to uplift student dignity and motivation. Phase 02 expanded the initiative's scope to the mountainous Nanuoya Parakumpura community, where the focus was on electrifying the multipurpose government building and nearby temple vital hubs for administration, healthcare, and spiritual gatherings thereby improving access to essential public services and communal unity. Infrastructure upgrades to the multipurpose building, including restored sanitation and water systems, enhanced its functionality for health checkups and official duties, especially benefiting vulnerable groups.

4.15 Kelibimata Arunalu - Leo Club of University of Kelaniya

The Kelibimata Arunalu 4.0 project, spanning from January to April 2025, unfolded in three impactful phases aimed at promoting physical wellness and community development. Phase One began on January 21st at Bandaranayake Maha Vidyalaya, Payagala, with a dedicated team renovating sports facilities and donating essential sports equipment, followed by an engaging fitness session for over 120 students. Phase Two, held on March 12th at the Somaweera Chandrasiri Playground in Piliyandala, brought together more than 650 Grade 6 students from 40 schools for a vibrant multi-event sports carnival featuring competitive activities, artistic celebrations, and inspirational speeches from distinguished guests. The final phase on April 24th focused on the renovation and reorganization of Polwaththa Public Gymnasium, enhancing community access to fitness resources, followed by a special senior

citizen fitness session at Moratuwa Social Service Society and Home for Elders on April 25th, where tailored exercises and health discussions empowered the elderly residents. Throughout the project, the Leo Club of University of Kelaniya, supported by volunteers and local organizations, fostered teamwork, wellness, and community spirit, leaving a lasting positive impact on all participants and stakeholders.

4.16 Land Glow Initiative - Leo Lions Club of Colombo City Stars, Leo Club of Hindu Alumini

The Land Glow Initiative is a collaborative renovation project aimed at restoring a historically significant musical academic facility in Point Pedro, Maadanai, Jaffna, which had fallen into disrepair. Led by Project Chairperson Leo Lion Rageesh Yogeswaran and supported by the Leo Club of Hindu Alumni and the Leo Club of Colombo City, the initiative seeks to revive the facility as a functional space for musical education, addressing the current lack of resources in the region and fostering cultural enrichment and academic growth.

Following a detailed site assessment, a joint project committee was formed to oversee the restoration process, which began in January 2025 with procurement of materials, hiring

4.17 Project Envorail - Leo Club of UOK Alumni

Project Envorail was meticulously planned through a collaborative effort between the Leo Club of UOK Alumni, local stakeholders, and Sri Lanka Railways, beginning with discussions with the Station Master and railway staff to identify passenger needs and challenges. A thorough assessment of the station's layout and foot traffic informed the design of a user-friendly travel information wall notice featuring QR codes for real-time maps. The planning process also involved securing resources, obtaining necessary approvals from Sri Lanka Railways, and setting a clear timeline, culminating in an inauguration on 16th February 2025.

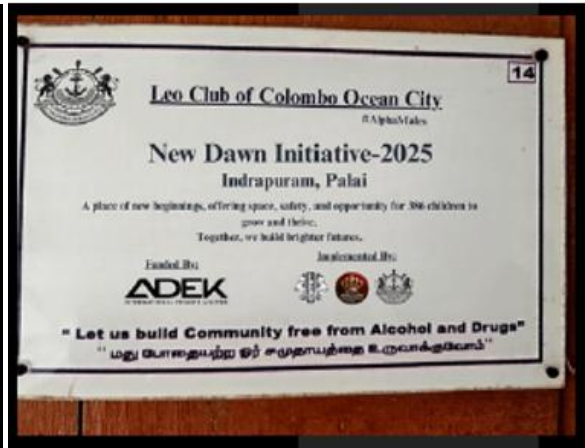

The Leo Club of UOK Alumni played a central role in all phases coordinating with railway authorities, designing and producing the wall notice, organizing its installation, and distributing memorial plaques to contributors. Each club member contributed uniquely, from liaising with officials and designing the notice to managing logistics and commemorating the project. The execution involved strategic planning sessions, consultations with station staff to understand commuter needs, identifying the lack of accessible travel information, and developing the wall notice as a centralized reference point.

On inauguration day, the wall notice was successfully installed at Wellawatta Railway Station, marking the completion of Phase 1 of Project Envorail and enhancing commuter experience and infrastructure. The ceremony featured distinguished guests such as Leo Lion Rageesh Yogeswaran and Leo Lion Aaqel Mohamed, with commemorative plaques presented to key contributors, reinforcing the Leo Club of UOK Alumni's commitment to impactful community service.

4.18 New Dawn Initiative - Leo Club of Colombo Ocean City

The New Dawn Initiative was born from the urgent need to address the overcrowded conditions at the Matuvil orphanage, where limited space led to discomfort, inadequate living arrangements, and restricted access to educational and recreational opportunities for the children. Recognizing this critical need, the Leo Club of Colombo Ocean City seized the opportunity to build a new, larger facility on land already owned by the orphanage, providing immediate relief and a sustainable solution to improve the well-being, safety, and growth of all children in a nurturing environment. As a legacy project, the New Dawn Initiative represents a lasting contribution that will positively impact generations, demonstrating the power of community collaboration and effective resource mobilization to tackle social challenges

4.19 Hub Heaven - Leo Club of Minuwangoda Circle

To commemorate 20 years of Leo excellence and address a critical community need, the Leo Club of Minuwangoda Circle launched a legacy project to construct a new bus halt at Welhena Junction—a key transit hub in the area. Initiated in April 2025 after members observed the collapsed and unsafe condition of the existing stop, the project was planned in collaboration with the Urban Council, Road Development Authority (RDA), and Western Province Road Passenger Transport Authority (WPRPTA), ensuring regulatory compliance and public safety. Following official approvals, the club mobilized resources through a community-based ticket fundraiser and sponsorships, including contributions from a Dubai-based construction professional and two Leo members. The structure was fabricated using durable materials and installed on April 29, 2025, replacing the hazardous stop. The project culminated with a grand

opening ceremony on May 1, 2025, attended by Leo and Lions dignitaries, where it was recognized as a model of infrastructure development, youth leadership, and community engagement.

4.20 Project Thuhina - Leo Club of Wickramasinghepura , Leo Club of CINEC Campus, Leo Club of Thalangama Malabe, Leo Club of Kalubowila, Leo Club of Mahinda Rajapakse College

The Thuhina Project, initiated by the Leo Club of Wickramasinghepura in partnership with the Leo Clubs of CINCEC, Thalangama Malabe, Kalubowila, and Mahinda Rajapaksha College, was launched to provide sustainable access to clean drinking water for students and teachers at Kanichchigala and Kekuluwela Primary Schools in the Aralaganwila education division, Polonnaruwa District.

Sparked by a teacher's comment on a YouTube video of the song Pini Bidu, the project team assessed the urgent need for proper water filtration by analyzing local water quality reports. High-quality, durable filters were installed by a local vendor, and a two-year maintenance plan was established to ensure long-term functionality and impact. Beyond addressing water contamination and reducing the risk of waterborne diseases, the project also promotes health and hygiene awareness among students, fostering a safer learning environment. Additionally, it exemplifies SDG 3 (Good Health and Well-being), SDG 6 (Clean Water and Sanitation), and SDG 17 (Partnerships for the Goals) through its direct health benefits and successful collaboration between multiple Leo Clubs, ultimately encouraging long-term community engagement and sustainability.

4.21 Together as Humans - Leo Club of University of Colombo

In an era where technology drives transformation, TechED Empower emerged as a pioneering initiative under Together as Humans 7.0, aiming to bridge the digital divide and revolutionize education through innovation. Launched on March 29th, 2025, at Tanglle Primary College, the project introduced a fully equipped smart classroom, providing students with access to digital lessons, interactive tools, and audiovisual resources that enhance engagement and foster immersive learning. Recognizing that modern educational tools should be a right not a privilege TechED Empower was designed to empower both students and teachers by integrating smart boards and innovative teaching methodologies that make education more inclusive, effective, and enjoyable.

Beyond the deployment of technology, this initiative cultivates curiosity, creativity, and critical thinking, preparing students to thrive in a tech-driven world. By transforming traditional

4.22 Healers - Phase 2 - Leo Club of Colombo Centennial

Healers Phase 2 is a legacy project by the Leo Club of Colombo Centennial, executed on April 23, 2025, following the remarkable success of Healers Phase 1, which trained over 150 students and teachers in First Aid and CPR at Haldanduwana Roman Catholic School.

Recognizing the lack of proper medical infrastructure, Phase 2 focused on establishing a fully functional, permanent first aid unit to enhance student safety and well-being. After a thorough needs assessment and collaborative planning with the school, the team prepared and equipped the designated space with essential medical supplies and a proper first aid bed, officially inaugurating the unit with a commemorative plaque. Capacity-building was a key component, with hands-on workshops for staff and students, creation of usage guides, and advanced training for a core group of student first responders, supported by Horizon Campus past first aiders.

A 3-month follow-up plan including Zoom refresher sessions and skill assessments ensures sustainability. Additionally, a school-wide awareness campaign introduced emergency protocols, installed directional signage, and created a maintenance system. The initiative not only established critical infrastructure but also fostered a culture of safety and emergency preparedness, creating lasting impact for generations of students and making it a true hallmark of institutional capacity building and community resilience.

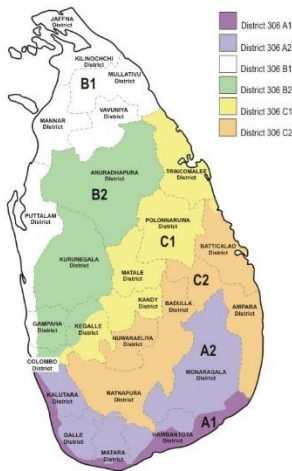

4.23 Literacy Heaven - Leo Club of Thurstan College

Literacy Heaven is a landmark initiative aimed at establishing a community library at Batagoda Primary School, providing students and villagers with access to educational resources, promoting reading habits, and supporting academic growth in a safe and inclusive environment. The project idea emerged through site visits and discussions with community members, teachers, and local leaders, highlighting the village's lack of educational facilities. Key challenges identified include funding, acquiring resources like books and furniture, ensuring sustainability, and encouraging community involvement. Leo organizers will play a vital role in planning, fundraising, setting up the library, promoting it within the community, and maintaining its long-term functionality. As a legacy project, Literacy Heaven aspires to transform the village's access to knowledge, empower learners of all ages, and create a lasting culture of education and literacy.

5. Leo Districts Summary

5.1 Leo District 306 A1

Leo Sajani Wijesuriya

District President 2024 - 2025

"Lead as one"

During the Leoistic Year 2024-2025, Leo District 306 A1, under the leadership of District President Leo Sajani Wijesuriya, operated with distinction under the theme "Lead as One." The district focused on fostering collective action, inclusivity, and impactful youth leadership across its jurisdiction.

Geographically encompassing the southern region of Sri Lanka, including key areas such as Colombo, Kalutara, Galle, Matara, and Hambantota, the district actively engaged its members in diverse service projects, leadership training initiatives, and community outreach programs that contributed meaningfully to the overall objectives of the Leo Movement.

Throughout the year, District 306 A1 extended consistent and strategic support to Leo Multiple District 306, playing a vital role in major events such as Leo Stride 2024, Leo Olympics 2025, and the Leo Mass Orientation Program. The district's active participation and leadership contributions significantly strengthened the collective efforts of the Multiple District Council.

Furthermore, Leo District 306 A1 maintained strong collaborative ties with fellow Leo districts, working closely on inter-district projects, joint leadership forums, and cross-regional initiatives. These partnerships not only amplified the reach and impact of individual programs but also reinforced a shared spirit of unity, learning, and fellowship among the broader Leo community.

5.2 Leo District 306 A2

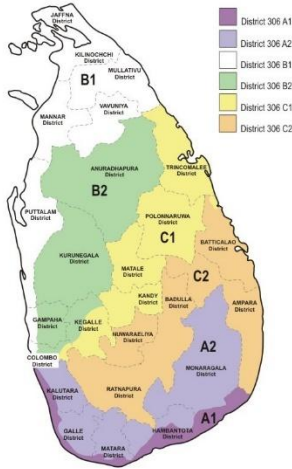

In the Leoistic Year 2024–2025, Leo District 306 A2, under the leadership of District President Leo Eshan Kasturiarachchi, carried out a dynamic year of service, advocacy, and youth empowerment under the guiding theme “Change Empowered through Leadership and Service.” The district emphasized the development of responsible, service-driven young leaders committed to bringing about meaningful change in their communities.

Spanning the south-eastern and central regions of Sri Lanka, Leo District 306 A2 actively engaging its members in numerous service initiatives, leadership development programs, and district-wide campaigns aligned with both local and Multiple District goals.

The district played a key role in supporting the objectives of Leo Multiple District, with strong involvement in flagship projects. Throughout the year, Leo District 306 A2 maintained strong collaboration with other Leo districts, contributing to the spirit of unity and inter-district cooperation. From joint service projects to co-hosted leadership forums and training sessions, the district continuously sought opportunities to build solidarity and share best practices with fellow districts.

Guided by its commitment to empowering change through leadership and service, Leo District 306 A2 stood as a vibrant and resilient force within the Leo Multiple District structure, inspiring its members to lead with purpose and serve with heart.

5.3 Leo District 306 B1

Leo Lion Nishane Silva FLM

District President 2024 - 2025

“Thriving for Excellence”

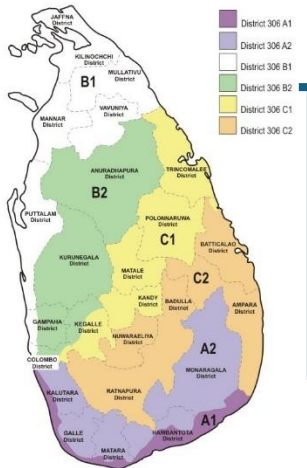

In the Leoistic Year 2024–2025, Leo District 306 B1 functioned under the leadership of District President Leo Lion Nishane Silva FLM, with the theme “Thriving for Excellence.” The district was committed to fostering a culture of high standards, continuous growth, and impactful youth-led service throughout the year.

Covering the north-western region of Sri Lanka, including districts such as Jaffna, Kilinochchi, Mullaitivu, Mannar, and parts of Vavuniya and Puttalam, Leo District 306 B1 actively engaged its members through various initiatives aimed at strengthening leadership skills, encouraging innovation in service, and promoting inclusivity among youth. The district’s contribution to Leo Multiple District 306 was instrumental in ensuring smooth coordination and effective participation, further reinforcing the district’s reputation for excellence and reliability.

Leo District 306 B1 also maintained productive collaboration with other Leo districts, participating in joint initiatives, regional training programs, and shared service campaigns. These partnerships fostered a culture of mutual learning, respect, and collective action, enhancing the overall impact of the Leo Movement. Demonstrating a steadfast commitment to service, leadership, and unity, Leo District 306 B1 successfully upheld its vision of “thriving for excellence” and contributed meaningfully to the broader mission of Leoism in Sri Lanka and the Maldives.

5.4 Leo District 306 B2

Leo Lion Sajithraj Puganeskumar PFLM

District President 2024 - 2025

“Second to None”

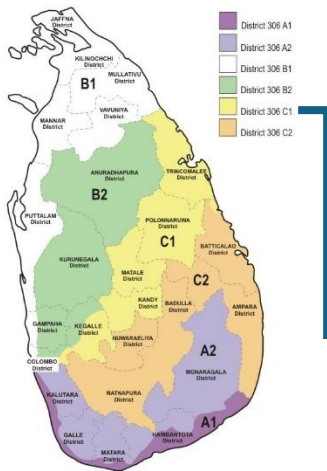

During the Leoistic Year 2024–2025, Leo District 306 B2 operated under the leadership of District President Leo Lion Sajithraj Puganeskumar, embracing the theme “Second to None.” The district focused on excellence in leadership, service innovation, and inclusivity, inspiring its members to rise beyond expectations in every initiative they undertook.

Geographically covering the north-central and north-western regions of Sri Lanka, including districts such as Kurunegala, Anuradhapura, Polonnaruwa, Leo District 306 B2 remained active and engaged throughout the year. Leos from the district initiated impactful service projects, youth development programs, and district-level campaigns that significantly contributed to both community welfare and Leo growth.

Leo District 306 B2 extended strong support to the Multiple District Council, actively contributing to flagship initiatives. The district’s commitment was evident through its collaborative spirit and consistent participation. Additionally, Leo District 306 B2 maintained a positive and productive relationship with other Leo districts, joining hands in cross-district leadership forums, training sessions, and joint service campaigns, all of which further reinforced unity within the Leo Multiple District framework. Through a year defined by commitment and purpose, Leo District 306 B2 truly lived up to its theme demonstrating that with vision, action, and collaboration, they were indeed second to none.

5.5 Leo District 306 C1

Leo Nisal Dulmith FLM

District President 2024 - 2025

“Lead for a Change”

In the Leoistic Year 2024–2025, Leo District 306 C1 was led by District President Leo Nisal Dulmith FLM, under the transformative theme “Lead for a Change.” The district prioritized inclusive leadership, sustainable service initiatives, and empowerment of youth through structured development and innovation.

Geographically, Leo District 306 C1 encompassed central and eastern regions of Sri Lanka, including districts such as Kandy, Matale, Polonnaruwa, and Trincomalee. With a focus on social responsibility and collaboration, the district executed impactful service projects addressing both local community needs and global cause priorities.

Throughout the year, Leo District 306 C1 demonstrated strong commitment to the goals of Leo Multiple District 306, offering significant support for flagship initiatives and the district's proactive leadership and participation added considerable value to the success of these events.

In addition, Leo District 306 C1 maintained active collaboration with other Leo districts through joint service campaigns, regional training programs, and youth leadership summits. These inter-district efforts further strengthened unity, shared learning, and fellowship across the Leo Movement.

5.6 Leo District 306 C2

In the Leoistic Year 2024–2025, Leo District 306 C2 was led by District President Leo Lion Sunera Naveed MAS FLM, operating under the bold and empowering theme “Find a Way or Make a Way.” The district prioritized resilience, innovation, and action-oriented leadership, encouraging its members to overcome challenges and deliver impactful service.

Leo District 306 C2 covered the eastern and south-eastern regions of Sri Lanka, including key areas such as Batticaloa, Ampara, Badulla, and Monaragala. Throughout the year, the district remained highly active, executing a range of community-focused projects aligned with the Lions Global Causes and the development goals of the Leo Movement.

The dedicated leadership and enthusiastic membership of Leo District 306 C2 ensured high-impact participation and strong representation across the Multiple District platform.

Leo District 306 C2 also engaged in close collaboration with other districts, participating in joint forums, inter-district projects, and leadership capacity-building events. These efforts enhanced unity within the Leo community while promoting shared learning and collective advancement. True to its theme, Leo District 306 C2 inspired a generation of young leaders to take initiative and create pathways for meaningful change.

6. Conclusion

The Leoistic Year 2024–2025 marked a defining chapter in the journey of Leo Multiple District 306 – Sri Lanka & Maldives, underscored by the transformative theme “Embrace Yourself.” It was a year that not only highlighted the power of youth-led service and leadership, but also elevated the standards of administration, innovation, and unity across all six constituent Leo districts. From Colombo to Jaffna, Kandy to Ampara, and extending its influence as far as the Maldives, the Leo Movement this year evolved into a more resilient, inclusive, and future-ready force for good.

Under the visionary leadership of Multiple District President Leo Navod Kiriwaththuduwa MAF, supported by a dynamic Council, this year’s journey was structured around the 5 Points Program – a strategic framework designed to reinforce administrative excellence, foster togetherness, elevate member development, sharpen movement visibility, and ensure long-term sustainability. The program's success is evident not only in the execution of high-impact events and initiatives, but also in the strengthened identity, morale, and purpose felt across the Leo community.

Each district embraced its own unique theme and identity, yet all stood unified under a collective mission. District 306 A1 promoted inclusive leadership with “Lead as One.” District 306 A2 championed transformation through “Change Empowered through Leadership and Service.” District 306 B1 pursued excellence with determination through “Thriving for Excellence.” District 306 B2 proved that bold ambition and collaboration make them “Second to None.” Meanwhile, District 306 C1 focused on progressive reform through “Lead for a Change,” and District 306 C2 inspired courage and initiative through “Find a Way or Make a Way.”

As the year ended, another transformative moment awaited the Movement — the transition from the existing six-district model to a twelve-district structure, in alignment with the redistricting of Lions Districts. This historic shift, scheduled to take effect following the Lions International Convention in 2025, marks a bold leap toward localized governance, enhanced representation, and more tailored support for clubs. The Leo Council’s readiness to facilitate this transition, through strategic planning and capacity-building, speaks volumes of its commitment to future-proofing Leoism for generations to come.

Behind these visible achievements lay a committed network of individuals and teams: the executive leadership, council coordinators, committee directors, and most importantly, every Leo who took initiative, led a project, or simply showed up. The strength of Leo MD 306 lies in this collective spirit – a movement where young people are not just heard but are empowered to lead, innovate, and deliver.

The Leoistic Year 2024–2025 also reaffirmed the powerful synergy between Lions and Leos. Through mentorship, resource sharing, and collaboration, Lions leaders provided a strong foundation upon which the Leo Movement continued to thrive. Their trust in youth potential was evident throughout the year, and this intergenerational partnership remains a cornerstone of the Leo identity.

In closing, this Annual Report is more than a record of activities it reflects belief, belonging, and becoming. It is a celebration of a movement that has not only grown in numbers but also matured in direction, character, and purpose. Through every challenge faced and every goal achieved, the Leos of Sri Lanka and Maldives have proven their readiness to lead change, foster inclusion, and build a compassionate future.

As we transition into a new structure and prepare for new beginnings, we carry forward the lessons, relationships, and values forged during this impactful year. With gratitude to all who made this journey possible, and with anticipation for what lies ahead, we move forward undaunted, united, and unyielding in our pursuit of service.

Let us continue to embrace ourselves, elevate others, and build a world led by values and driven by youth.
